

THE CLEARFIELD PROGRESS

VOLUME XIII

THE CLEARFIELD PROGRESS SATURDAY EVENING MAY 10, 1919

THE LOAN CAMPAIGN ENDS TODAY BUT TODAY DOES NOT END UNTIL 12 TONIGHT. HAVE YOU 'T

BOOSTER CLUB SHOWS STARTLING GROWTH FOR A MERE YOUNGSTER

WASHINGTON, May 10—Americans will more than finish the job according to reports today from Victory Loan headquarters throughout the country. By midnight tonight the amount required will have been received. It is expected it will be more than the minimum of \$4,500,000 asked for by the government.

CLEVELAND DISTRICT "OVER THE TOP"

(By United Press)
CLEVELAND, May 10—The Fourth Federal Reserve district went over the top in its Victory Liberty Loan campaign today, it was announced early this afternoon. Total subscriptions were \$452,207,200. The quota was \$450,000,000.

PITTSBURGH SLOW BUT COMING

PITTSBURGH, May 10—Allegheny county including the city of Pittsburgh faced a \$42,000,000 handicap as it entered the last day of the Victory Liberty Loan drive. Three counties in the whole western Pennsylvania district, Beaver, Crawford and Armstrong have raised their quota.

COALPORT FINISHES HER JOB

Late this afternoon a telegram was received from W. W. Hagerty stating that Coalport district had exceeded her quota.

CALDWELL DOES THE JOB AT CURWENSVILLE

M. A. Caldwell, of Curwensville, is deserving of the praises of his community for the efficient manner in which he conducted the Victory Loan campaign at Curwensville and in that district. Curwensville District finished her job yesterday according to reports.

Today is the LAST CHANCE for Clearfielders to show whether or not their town was really back of her boys in the war. This is no time to mince matters and try to put our position in a favorable light. When the sun goes down tonight, Clearfield, which has never taken second place in anything to any town of her size in the state, will go down to defeat in this, the last great test of the war. Unless, and this is the one hope, unless her people, one and all, realizing the emergency, will throw themselves into the breach and turn defeat into victory as did the French at the Marne. This is our Marne. Shall we stem the tide?

What We Are Short

At the close of business last night the grand total as reported by the three local banks was \$628,500. Our quota is \$1,300,000 for the borough alone and \$1,449,000 for the local district including some of the outlying territory. The figures speak for themselves. In the Fourth Liberty Loan this same district subscribed a total of \$1,800,000, or practically three times what we have done in this.

The Remedy

The banks will be open all day today. There is still time after this paper is on the street. Whether or not you have subscribed, whether or not you have been solicited, go now and pledge your limit, double your subscription. If you can't do that take another hundred, or a fifty. Only do something for the honor of your town and for the sake of the government and flag you profess to love. Remember, today, this hour, is the last chance.

About sixty names have been added to the "Boosters Club" since yesterday. Is yours among them? The complete list will be published Monday.

FAREWELL DINNER TO CO-WORKER

The management of the Clearfield Machine shops held a farewell dinner last night at the Dimeling in honor of E. T. Petersen who has been with them as superintendent for the past five years and is leaving them at this time to accept a position with the Clearfield Electric Supply company. Mr. Petersen is an electrical engineer and his new position gives him a larger field along the lines of his previous training. He leaves with the best wishes of the Machine Shops people who took this way of showing their appreciation of his service. He will be succeeded as superintendent by W. E. McMurray who will combine his new duties with those of his former position as head of the Engineering department.

ITALIAN CONTROVERSY ON FIUME STILL A MATTER OF SPECULATION

By FRED S. RUSGUSON

(United Press Staff Correspondent)

PARIS, May 10—With the Austrian peace treaty rapidly assuming completion the belief prevailed today that reconsideration of Italy's territorial claim is imminent. Thomas Nelson Page, American Ambassador to Italy, who arrived here from Rome late yesterday was expected to tell President Wilson that he believes rejection of Italy's demand will precipitate a revolution in that country.

WASHINGTON, May 10—President Wilson has not changed his position on Fiume, according to advices received at the White House today. Stories that the President would try to turn Fiume over to the Italians as a mandatory until 1923 after which it was to become an Italian possession, were branded as "pure fiction" and without foundation. Information cabled here declared that the President will stand pat on his position on the Fiume question.

WAR MAYBE—WELL, TWO NAVAL PLANES BUT PEACE IS WORSE ON SECOND LAP OF ALONG THIS BRANCH TRANS-OCEAN TRIP

Walker D. Hines, who is rattling around in Bill McAdoo's shoes as Federal Railroad Administrator, recently reported that the railroads of the country under his jurisdiction had run behind their revenues to the tune of \$196,000,000 during the first three months of 1918.

Mr. Hines has evidently started in to retrench in the hope of making a better showing about the time Beeve is shoved onto a thirsty multitude about July 1st. We became aware of this fact today when we gazed upon the passenger train Supt. J. K. Johnson sent out from Tyrone in which to convey the traveling public between Grampian and the main line.

This train or the cars making it up, were a thing of beauty when first placed upon the main line during the time of the Hayes and Tilden election controversy away back when the '70's were in their infancy. The joy forever has long since departed from them and their appearance denotes the departure thereof. Talk about that old oaken bucket which hung in the well, it was a highly modern piece of backyard furniture compared with these old relics of the long-forgotten age when Bill Scott, of Erie, bossed the destinies of the Pennsylvania and the Democratic party in Pennsylvania.

We were at the Market street stop at 1:15 today when the "emigrant express" came to a creaking, hemlock, splintering stop and with Attorney A. L. Edwards, of Osceola, and Hale Walker, the Woodland Prohibitionist, carefully examined the weather-stained, time-worn old relics of a long forgotten age. Looking closely where some of the eighteen coats had peeled off the wooden sides Edwards discovered the initials of some now grey-bearded youngsters and the date April 1, 1871. Walker's attention was called to the ancient hieroglyphics and he quickly recognized the old boat as the car he rode in one time in the far distant past when he went from Altoona to Johnstown to hear Moody & Sankey, the noted evangelists, who toured the country when "pay was just growing up".

Walker said on that trip the car was crowded and a woman forced to stand in the rear of the car had a 30 cent gingham sunbonnet spoiled by the oil dripping from the leaky coal oil lamp used in an effort at illuminating the car.

We put up with many inconveniences during war times and mean to "carry on" to the finish, but we submit to ask us to go back to those ancient old long-scrapped, hemlock open end, coal oil lighted passenger cars is sort of rubbing it in and is coming pretty darn near the last straw. And to think of such treatment from the Pennsylvania, too, and on this branch, where we have worn out to a finish every worn-out engine shunted from the main line since the year 1868.

Men and women raise Belgian hares. \$5 pays for fine pair, booklet and contract. Wonderful opportunity. Snyder-Gordon Co., Harrisburg, Pa. M10-11-pd

Miss Anna Torrence entertained her Club of girls last evening at her home on Pine street. The evening was spent in dancing. Dainty refreshments were served.

HALIFAX, NOVA SCOTIA, May 10.

The American trans-Atlantic flyers started for Trepassy Bay early this morning at 8:47 a. m. The NC1 was the first to start and a quarter of an hour later the NC3, Commander Towers' craft, swept into the air. The get away was made from a point opposite the United States naval flying station on the eastern passage. Weather conditions were good. The day was clear with a north wind. It was expected that if this weather prevails the whole of the 480 miles to Trepassy Bay the journey will be completed in 7 or 8 hours. Commander Towers gave the word to start immediately after he heard the weather forecast. Lieut. Commander Bellinger, of the NC1 was ordered to leave first. A great crowd witnessed the start. The NC3's motor roared and in a few minutes she was off in the wake of her sister ship.

WASHINGTON, May 10.—The NC3 has returned to Halifax because of a defective propeller, the Navy Department was advised at 10:30 this morning. It is expected to get under way again by noon. The flyer was out two hours.

WASHINGTON, May 10.—Commander Towers of the NC 3 having been forced to return to Halifax with propeller trouble this morning, made a second start for Trepassy Bay at 11:13 a. m. New York time, the Navy Department was advised by radio immediately after noon.

By W. B. HARGRAVES:
Aboard the U. S. S. Nelville, Ponta Delgada, Azores, May 10.—News that two of the three American sea planes which will attempt to fly across the Atlantic have successfully completed the first lap of the journey was received with great enthusiasm. Preparations for receiving the planes when they stop here on their aerial trip to Portugal have been completed.

STREET CAR STRIKE TONIGHT AT PITTSBURGH

PITTSBURGH, May 10.—All hopes to avert the street car strike called for midnight tonight went glimmering today when C. A. Fagan, one of the receivers of the Pittsburgh Street Railways Company, announced that the receivers will not ask the United States Court for permission to arbitrate the grievances of the men before the War Labor Board. Union leaders declared that they will not recede in their demands that their request for wage increases be presented to the War Labor Board.

"BACK FROM FLANDERS"

The author of the delightful and sentimental little poem bearing the title which heads this article denied us the right to publish his name with his production which was designed as a boost for the Victory Loan. We are asked today by many admirers to make public the name of the author. It is none other than our own "Jimmie" Barratt who lives on McBride street. Jimmie didn't want his name to appear at the bottom of the piece but there is more than one way of killing a cat.

I saw it in The Progress.

PARADE PLANS DESPITE THE WEATHER

ONLY IN CASE OF EXTREMELY BAD WEATHER CONDITIONS WILL THE PARADE BE CALLED OFF

BOND BUYERS EAGER FOR PARADE

Will the weather stop the parade? However, should it be necessary, the Committee will tell the bond buyers at eight o'clock and if necessary, the parade will be called off.

At least 2000 people in this district are eligible to participate in the Victory Note Buyers' parade to be held at nine o'clock this evening. That number have already subscribed in this campaign. Several hundred of these subscribers live out of town and while the weather is unfavorable to their coming there will be a general outpouring of people from the city and Lawrence township.

This morning the girls at the Mill telephoned to Sec'y. Howard Stewart saying they would be there with bells on and challenging the industries employing males to make a good showing as they.

The Repair Department of the New York Central have announced that they will parade in uniform, that is to say the uniform of their daily work, the overall and jumper. That's the spirit. "Job finishers" don't wear full dress. The Maintenance of Way men are making an effort to procure a drum corps to lead their unit and here is hoping they succeed. The Secretary believes that every unit outlined below is going to make a creditable showing.

The parade committee appreciates the fact that there are a great many people who were unable to buy bonds of this issue because of illness, unemployment and kindred causes and desires to be put on record as appreciative of the efforts of these people to make payments on the bonds of the 4th issue. Every fair minded person recognizes the fact that one who is sacrificing to complete payments on the 4th Loan is doing their full share towards "finishing the job". Naturally, a man or woman in these circumstances has just as much, if not a greater right to parade with the "job finishers" as a subscriber to the 4th loan. All these people are welcome to join the parade and are hereby invited and urged to get in line. Bond buyers of the Victory Loan know who these people are and a cordial invitation should be extended by the Victory bond buyer to the finisher of the 4th issue to come into line.

The parade formation will be the same as printed in last night's paper with the addition of one unit after "The Rest of the Town".

WILSON TO CABLE FIRST MESSAGE WILL TALK ON PEACE TREATY HERE

(By United Press)

WASHINGTON, May 10—President Wilson will deliver his first peace treaty message to Congress immediately after his return to the White House today. The message will be cabled for the opening of the extra session of Congress and will be short and be devoted more to domestic questions.

HEAD OF GERMAN DELEGATION WILL RETURN TO BERLIN IN NEXT FEW DAYS

(By United Press)

VERSAILLES, May 10—Foreign Minister Bauer, head of the German peace delegation, is expected to return to Berlin today. The translation of the treaty has been completed and the German commission, divided into shifts, is working 24 hours a day in preparing the translation.

Entered at Post Office at Clearfield, Pa., as second class matter.

WE DID AND WE DIDN'T

Good evening. That old front page looks good again, doesn't it? Any man who has bought all the Victory notes he can buy can look upon that front page and feel that he helped to restore it to its favored position. Those who have not bought all the Victory notes they can will oblige us by reading the inside pages first and then turning to the front page. We did not put the pages in their regular order today because Clearfield has gone over the top but rather because a combination of gloomy circumstances; weather, loan apathy and other aspects, made it desirable that just a ray of sunshine be thrown on our city this evening when the "job finishers" march proudly down Second street celebrating victory and their payment of their share of the bill. Just what Clearfield's record on this Victory Loan campaign will be will not be known until early next week as subscriptions are still coming in and several big subscriptions are known to be on the way. There is no doubt in our minds but that the people of the Clearfield district are going to fall down on their job. It is apparent that the banks are going to have to take a big slice of the quota in order to save our faces in the eyes of our neighbors. There is yet time for every man to ease his own conscience. The banks have not so announced, but it is believed that they will receive subscriptions on Monday morning. Opportunities to subscribe will be offered tonight. Do your duty to your country.

WISING UP TO SPROUL

There has been a revival of the talk of Governor Sproul's availability as a Republican candidate for President and the various items on the subject which have been appearing from time to time in up-State newspapers, are being much commented upon by the larger city journals. Appearance of some reference to Sproul in Chicago and New York newspapers has also served to start the discussion anew. The Philadelphia Press says that Republican State leaders are more than ever convinced of the Governor's qualifications and that while the Governor has never said anything, he is "in the hands of his friends." The Governor made a remark once that he did not intend to allow any bees to distract him from his gubernatorial job. The Pittsburgh Gazette-Times says that the Governor and Senator P. C. Knox have both been mentioned. Most of the newspapers expect the Republican leaders of the State to declare soon for uninstructed delegation from Pennsylvania, so as to be able to take advantage of any situation favorable to a Keystone State man which may arise.—(Harrisburg Telegraph)

COOPER TOWNSHIP SUBSCRIBES FOR HALF OVER QUOTA

Old Cooper, the metropolis of lower Clearfield county, had no fear of their ability to go over the top on the Victory Loan. This spirit, manifested from the beginning, had a great deal to do with the success which has crowned their efforts. "We'll do it," was the message from Cooper—and they did it, handsomely too and where as their quota is \$72,000 they proudly boast \$100,000 in subscriptions this morning with more to come. Kylertown, the substantial little town in Cooper, has doubled her quota and did it with ease plus patriotism. Cooper's neighbor, Graham Township, is just as earnest and although small will cut a big figure when the

subscriptions are counted.

ALIEN SOLDIERS TO BE NATURALIZED

A special session of naturalization court will be held on Monday for the purpose of examining and admitting to citizenship all alien soldiers who were in the U. S. service during the world war.

A special U. S. examiner will be here and all applicants must present themselves with their discharge and two witnesses.

ENTERTAIN FOR GUESTS

Dr. and Mrs. Piper will entertain this evening at bridge at their home on Second street in honor of their house guests, Mr. and Mrs. Raymond Willy of Pittsburgh. Six tables of bridge will be in play.

Mrs. E. L. Jones of Philipsburg is visiting friends here.

NEAR-VIOLATION OF GAME LAW IN EAST END YESTERDAY

Regardless of the fact that the season had long since been closed by legislative provision, William Dabner, an East End gemmer of a pronounced brunette tendency, went gunning for another "coon" yesterday afternoon. The trail carried him to the vicinity of Overly's store on Daisy street where he ran plump into his quarry who answers to the name of Lee Barton. Bro. Dabner immediately got his artillery into action and quickly dispatched five shots from his "six gun" in the general direction of his ebony-hued enemy.

Dabner appeared to be either nervous or a darn poor marksman because every bullet went wide of the mark and as Barton was coming right for the shooter with a full head of steam on, Dabner deciding that discretion was the better point of valor under the circumstances, turned turtle and fled.

The local and State Police were at once notified and quickly repaired to the scene. Dabner was tracked down the Pennys tracks toward the County Home and when Chief Eadie, who had been taken out the road in Ike Robinson's car, got out to make a search at the Sewer Pipe Works, Dabner saw him coming and hiding in the barn at the old Weaver farm, let the officer go by. He then walked hurriedly up the lane toward the car where Ike was awaiting the return of the cop. When the coon approached Ike notified him that he was under arrest. Dabner was foxy and asked "whuffaw he wanted to arrest a man coming from work?"

Shortly after the coon had talked Ike into allowing him to pass Chief Eadie returned and when Ike related the circumstances the chief recognized the culprit and when it was learned the coon had gone up through Squaw Hollow the officers scattered and after beating the woods up through the hollow Dabner was captured by Messrs. O'Donnell and Oakes, of the State Constabulary, up near Owens graveyard.

He was brought to town and is now in jail charged with shooting with intent to kill. The trouble grew out of a rent bill Dabner says Barton owes him.

LUTHERAN CHURCH

Sunday May 11th, will be observed by a special sermon appropriate to Mothers' Day, at 10:30 A. M. At 7:30 P. M. the pastor will preach the third of the series of sermons on "One Thing," the text being "One Thing I Know." A cordial welcome to all who will come.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

By REV. P. B. FITZWATER, D. D.,
Teacher of English Bible in the Moody
Bible Institute of Chicago.
(Copyright, 1919, by Western Newspaper Union.)

LESSON FOR MAY 11.

SIN AND ITS CONSEQUENCES.

LESSON TEXT—Genesis 3:1-24.
GOLDEN TEXT—The wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord.—Rom. 6:23.
DEVOTIONAL READING—Psalms 51:1-12.
ADDITIONAL MATERIAL—Rom. 1:18-27; James 1:15.
PRIMARY TOPIC—Disobeying Our Heavenly Father.
JUNIOR TOPIC—How Disobedience Separates Us From God.
INTERMEDIATE TOPIC—Destructive Power of Sin.
SENIOR AND ADULT TOPIC—The Nature and Results of Sin.

An outlook upon the world proves that man is not what he should be. Then, too, apart from gospel influence there is no sign of improvement. The only way of accounting for the discrepancy between what man is and what he should be is by the Fall. This is the way that the Bible accounts for it. The introduction of sin is the answer.

I. The Temptation (Gen 3:1-6).
Man possessed a free will, in the exercise of which he turned away from God and his commandment. This was done at the instance of the devil working through the serpent. He did not appear as he really was, but in disguise. The method employed was (1) finding the woman while alone; (2) insinuating doubt into her mind as to God's word and love. At his suggestion she began to believe that God did not mean what he said, and that he was unkind in placing restrictions upon them. In this the devil slandered God, even accusing the Almighty of jealousy and fraud. (3) Appeal to innocent appetite. (4) She gazed upon the fruit which God had forbidden. Looking soon began to lust. (5) She lusted after that which God had forbidden. That which God had forbidden should not be looked at lest the flesh should lust for it.

II. The Fall (3:7-8).
From justifying to indulgence was a short step. This act of disobedience has brought on all the world's woe and misery. Eve not only disobeyed, but involved Adam in her sin. Aspiring to be gods, they became the slaves of sin. They came to know good and evil, but by sad experience. They knew sin without the power to free themselves from it.

III. The Consequences of the Fall (3:9-24).
1. The disturbed relationship with God (vv. 9, 10). The familiar intercourse which man enjoyed with the Almighty was marred and broken by sin. Sin makes life intolerable in the divine presence. Adam and Eve not only hid from God's presence, but Adam began to make excuses and even laid the blame on God.

2. The serpent was degraded and henceforth became a type of sin and Satan (v. 14; cf. Num. 21:9; John 3:14; Rev. 12:9). This doom was pronounced without trial. In the case of man it was not so.

3. The unyielding enmity between the two seeds (v. 15; cf. John 8:44-47; Matt. 23:33). The antagonism thus began reached its climax in the crucifixion of Christ. Satan's seed has been ever since endeavoring to destroy the Lord's work and his workers.

4. The ultimate victory of the woman's seed (v. 15). Satan harassed the woman's seed; bruised his heel, but finally the stroke was made which crushed the serpent's head (John 12:31; Heb. 2:14; 1 John 3:8). This was the first gleam of the glorious light of the gospel of Christ. The victory was marvellous, but the cost was infinite (Isa. 53; 2 Cor. 5:21).

5. Judgment upon the woman (v. 16). This relates to her as a wife and mother; also to her subordination to man. This is God's decree, and all efforts of freeing one's self from it are fightings against God.

6. Man's new relationship to the earth (vv. 17-19). The earth was cursed on his account. Because of the rank growth of thorns and thistles man must make an increased effort to exist. Man with his sinful nature would be in a bad state without the necessity of toil (Rom. 8:19-22).

7. Death (v. 19). This includes physical and spiritual death—both the result of sin.

8. Expulsion from the garden (v. 24). This was an act of great mercy. To have partaken of the tree of life and live forever in a sinful state would have been intolerable.

Exercise Is Necessary.
If a man does not exercise his arm he develops no biceps muscle; and if a man does not exercise his soul he acquires no muscle in his soul, no strength of character, no vigor of moral fiber, no beauty of spiritual growth.—Henry Drummond.

Sermon Crowded Out.
Go to that little church of yours and quit your hankering for the fine music and singing and pomp and splendor of the large churches in the city. By the time they get through with their preludes and interludes and de-ludes there won't be much time for a sermon.

Joy Is to Obey the Laws.
The stars of heaven are free because, in amplitude of liberty, their joy is to obey the laws.—William Watson.

MOTHERS' DAY AT TRINITY METHODIST CHURCH

Trinity Methodist's have kept in mind Mothers' Day in their plans for Sunday. The fine picture on the bulletin board "Mother O' Mine" attracts the attention of passersby and reminds them that Mothers' Day is here again. There will be some special features in the Sunday school and the morning sermon will be on the subject "Mother, the Best Mother Who Ever Lived". The mothers of the church and all who honor them, those who fondly remember the dear mother who is now in the "house not made with hands"—all should make a special effort to be at church on Sunday.

In the evening the pastor will preach on the theme—"Robbers Broke Into Court". Now there are robbers, and robbers, and you will know who they are if you hear the sermon in Trinity church Sunday night.

BELIEVES IN FINISHING THE JOB

A. K. Wright is a believer in finishing what you commence and yesterday subscribed \$12,000 to the Victory Liberty Loan fund. His subscription represents his Grampian Coal Company, The Peerless Coal Company and himself individually.

SAYS THIS CURED HIS LUNG TROUBLE

Mr. Morgan passes insurance examinations now, and feels perfectly well.

"In 1908, my lungs became so badly affected I had to give up my work. I coughed all the time and had blood in my spittle. My lungs and shoulders ached so I could hardly live. Two physicians told me I had consumption, said they could do me no good, and advised me to change climate."

"Finally a friend gave me a bottle of Milk's Emulsion. It did me so much good that I continued taking it, and in 4 months it cured me, and I am a dollar."

"My lungs are now as strong as ever. I weigh 145 pounds, which is more than I ever weighed before. I work all the time, can expand my chest six inches, and am able to pass lodge and insurance examinations without any trouble."

—Otto Morgan, 429 Pearl St., Terre Haute, Ind.

It is not claimed that all advanced cases of this kind are curable, but Milk's Emulsion costs nothing to try in any case, and it has restored hundreds of helpless victims to health.

Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural blood action, and awakes with all sort of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food.

It is a healthy, natural food, and is strongly recommended to run-down nervous people, and it has produced amazing results in many cases of asthma, chronic bronchitis and tuberculosis of the lungs. Chronic stomach trouble and constipation are promptly relieved, usually in one day.

This is the only soft emulsion made, and so valuable that it is often with a spoon like ice cream. A truly delicious medicine for weak, sick or old people.

No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee: Take six bottles in three weeks, and if not satisfied with the results, your money will be returned.

Write to: The Scott & Emulsion Co., 100 North LaSalle St., Chicago, Ill. Sold and guaranteed by Stewart's Drug Co.

JOIN OUR ALUMINUM WARE CLUB

GET A SET OF ALUMINUM

Join The Aluminum Club

It's an exclusive club. There can be only 150 members. If you're going to join do it the first day—you'll be sorry if you don't.

The Benefits Of Joining

By joining the Aluminum Club you are entitled to this wonderful set of 14 pieces of "Quality" Aluminum at a price that will never again be matched in this community. You can see the articles pictured. You'll want—and need—every one of them. And you get them at the strikingly low price of

\$14.98

HOW TO JOIN

Come to the store during next week and sign your application and pay the initiation of one dollar. Then you will have weekly dues of one dollar for thirteen weeks and the fourteenth week you pay ninety-eight cents and your membership is paid in full.

Factory Representative Here

G. W. Thompson, a factory representative, will be at the store for a week beginning Tuesday, May 13th, to explain the merits of "Quality" aluminum ware and to inaugurate the Aluminum Club.

Club Is Open For One Week Only

The membership campaign for the Aluminum Club will last one week only May 13th to May 17th, and the membership will be limited to 150 members.

Economy

"Quality" Brand Utensils are lasting. They are far cheaper in the long run than other utensils. Their enduring service makes unnecessary the constant buying of new utensils. They save you time, fuel and money.

"Quality" Brand Utensils will not rust or corrode; they will not scale, peel or chip off.

Service

"Quality" Brand Utensils are guaranteed for 29 years. Women are proud to have them in their kitchens. These utensils are in keeping with the finest home furnishings and make better cooking possible.

They will withstand hardest usage and last a lifetime.

Sanitation

They are the safest cooking utensils for your home and your family.

"Quality" Brand Utensils are made of one piece, thick, hard rolled sheet Aluminum. They are seamless, no solder used, no crevices or folds for particles of stale food to lodge. They are clean and sanitary.

Compare
Goodrich 375's
with other
Ford Car Tires

If you have noticed these husky, de luxe tires for the Ford car, go at once to a Goodrich dealer and say to him, "Give me a Goodrich Three-Seventy-Five."

Compare it with an ordinary Ford-size tire, and you will find it bigger and burlier in every way.

As a matter of figures and measurements, it is an inch bigger on the circumference, and much thicker in the cross section—that is, a 31 x 3 1/2 inch tire.

That extra size means a finer looking, easier riding Ford car to begin, and a longer lived car and tires in the end.

Though "Three-Seventy-Fives" cost a little more at the outset, built to meet the special needs of the Ford car and bring out its known virtues, they soon reveal a greater dollar economy, which makes it the better buy in the long run.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Ashley Bloom superintendent of the Lumber City brick plant transacted business in town Thursday.

The carnival is drawing large crowds every evening in spite of the unfavorable weather and its a safe bet that the Rescue Hose and Ladder lads will take in more than the amount they have pledged to the purchase of their motor fire truck.

Benj. Kimes left Friday for a two weeks visit with friends and relatives in the western part of the county.

Posters are out announcing the Senior class play, "The Masonic Ring" to be held in the opera house, Wednesday evening May 14th.

The mines are picking up somewhat, running four and five days a week now—a decided gain over the one and two days a week schedule.

A little son arrived at the home of Mr. and Mrs. George Addleman, Thursday, May 8th.

Isaac Black who is engaged with a drilling operation at Morgan Run, will spend Sunday at his home on Pine street.

The funeral of the late O. C. Livingston was held from his home on Main street this afternoon at 3:30 o'clock. Interment in the Clearfield cemetery.

O. J. Baker, of Eddystone Pa., is spending a few days with friends at this place.

Miss Marie Wright of the Maple Avenue hospital, DuBois, came home last evening to attend the funeral of her uncle the late O. C. Livingstone.

Mrs. Herbert Sharpe left today for Pittsburgh where she will be the guest of friends for several weeks.

The Crescent band one of the best known musical organizations in this part of the country, was one of the chief attractions at the Carnival last evening.

Illini Tribe No. 362 Imperial Order of Red Men lived up to its reputation for gilt edged patriotism by subscribing \$1000.00 worth of Victory Bonds, at their meeting Thursday evening.

A very pretty church wedding was celebrated at 8:30 this morning in St. Timothy's church. The contracting parties were Abbie May Harvey, daughter of James Harvey of Curwensville and Paul Flynn of Grampian. They were attended by Miss Rose Flynn and Terrence Flynn. After a short honeymoon the young couple will reside in Curwensville. Both are esteemed young people of their respective communities and their many friends wish them a happy wedded life.

There will be preaching morning and evening in the Baptist church of Curwensville by Rev. John Cameron, of Vandergrist.

GRAMPIAN

Mrs. Wm. Guher, of Curwensville, has moved in the Cleve Guher property at Strenach.

Mrs. W. E. Wall returned Saturday from a few weeks visit at her home in Philadelphia.

Clair Rairigh has purchased the store building and lot in Hepburnia from James G. Carry.

Mr. W. E. Davis and family, steward of the county home spent a day the first of the week at the home of E. M. Davis here.

Mrs. P. J. Hamilton of Curwensville, called upon friends here on Tuesday last.

Marguerite Moore, of Clearfield, spent the week end with her grandparents Mr. and Mrs. A. C. Moore.

E. J. Walizer is moving his family in the G. P. Dougham property on Main street.

RAILROAD WORKERS TO MEET

The railroad maintenance of way and shop laborers will meet tomorrow afternoon at 2:30 o'clock at 209 Reed street. Everybody interested should attend.

BERT LANAGER
Secretary

Harris Claster and son Bernard of Lock Haven and Louis Seiler of Baltimore, Md. spent Thursday with Louis Shapiro and family on Cherry street.

For \$25 to \$65 You Can Have A Helper In The Kitchen That You Can Keep

A NAPANEE Dutch Kitchenet is a servant in the kitchen that you can always keep. This means something in these days when so many more women do all their own work. At one time easily obtained, is now difficult to get. Thousands of women have been so helped with the eternal "servant problem" that they welcome the relief from it which has been offered them by

The Napanee Dutch Kitchenet

This triumph of ingenuity has so systematized women's work—so eliminated the drudgery as to make them independent of maids and cooks. Many women declare that they enjoy doing their kitchen work now that it is simplified and made so much easier by the Dutch Kitchenet.

Do Not Deny Yourself This Labor Saver

It is really a beautiful piece of furniture and itself the benefits to be derived from having a Napanee Dutch Kitchenet in your home every day in the year.

It is really a beautiful piece of furniture, and is more useful and convenient than it is attractive. You need not wear yourself out drudging in an improperly equipped kitchen. We will be glad to show you the many special features of the Napanee Dutch Kitchenet, and, if you so desire, arrange terms by which you can put one in your home immediately and begin to enjoy it.

Napanee Dutch Kitchenet Special Features

"Where Mother Used To Shop"

Invest with Uncle Sam and share in the coming Prosperity

The war has left its imprint upon the entire country, but probably its hand has been laid most heavily upon business, large and small. Restrictions and regulations, governmental orders and federal rulings have operated to restrict progress and impede development. This was unavoidable. The country called and could not be denied.

That's the purpose of the Victory Liberty Loan. Your support of this loan is therefore not only an investment in patriotism, but in prosperity itself, for an overwhelming subscription will bring good times just that much nearer.

Gossip for Tonight's Tea Table

About twenty friends surprised Miss Lydia Johnson last evening at her home on Second street. All present spent an enjoyable evening.

Miss Helen Phillips entertained the F. F. Club at her home on 4th street last evening.

Wm. Henry of Pleasantgrove is visiting his daughter, Mrs. G. J. Ennis, at her home on Fifth street.

Miss Nellie Daile has returned to Pittsburgh after having spent several weeks with her sister Mrs. Charles Weil.

Julian Chase son of Mr. and Mrs. W. A. Chase of Locust street, who saw strenuous service in France for almost two years with the Eleventh Engineers arrived home this morning, having been finally mustered out of the service.

Captain and Mrs. T. E. Clark, who sent the winter at St. Petersburg, Florida, and the past four or five weeks at Pottstown, arrived home on the Pennsylvania train this morning. Their fellow southern tourist Alfred Graham met them at the train with his car and helped them escape Pennsylvania showers by driving them to their front street home.

Sgt. and Mrs. Clair Dufford left Thursday for Butler after attending the funeral of Mrs. Dufford's sister, Clair Mapes Ogden. Sgt. Dufford has just returned from nine months' service in France.

Mrs. Chas. Sheffer and family of DuBois attended the funeral of their cousin, Mrs. Garlan Ogden.

Miss Kathryn Sheffer and Mrs. Frank Sasserman and two children have returned to their home in Bellefonte after attending the funeral of their niece, Mrs. G. Z. Ogden.

Mr. G. Z. Ogden left yesterday for his home in International Falls, Minn.

Mr. and Mrs. Ashley Shaw and son arrived home yesterday from St. Petersburg, Florida, where they spent the winter. They are enthusiastic boosters for the "Sunshine City" and say it is second only to Pennsylvania.

Hayes Song of DuBois spent Thursday with friends here.

Mrs. David Krebs, Sr., left Thursday to spend sometime in Philadelphia.

Francis L. Etzweiler is home from Camp Meade, Md., to spend a five day furlough with his mother and sister. W. P. Sheeder transacted business in DuBois Thursday.

Hon. Joseph E. Phillips motored from Harrisburg Thursday to attend the banquet at the Dinseling Hotel that evening.

Born to Mr. and Mrs. Harry Shaw at their home on Nichol street Thursday, a baby boy.

Louis Shapiro, Wallace Smith, S. T. McClure, G. R. Ross and Charles T. Kurtz were in Woodland Thursday evening in the interest of the Victory Liberty Loan.

Mrs. Jane Dunwiddie and daughter, Mrs. L. C. Runk and Mrs. Jackson of Phillipsburg spent Thursday shopping in our stores.

Mr. and Mrs. T. Reilly Lytle have returned from their wedding trip to Atlantic City and Philadelphia.

Rev. Platt and wife and daughter of Kane, are visiting their daughter and sister, Mrs. John Arnold.

For Less than 3 Hundred Dollars
You Can Buy What Cost 3 Million

THREE million dollars was what it cost to perfect the New Edison. And if three times three million had been required it would have been spent. For when Thomas A. Edison assailed the problem of achieving an instrument which would actually RE-CREATE an artist's voice or instrument with such fidelity that by the test of direct comparison the two renditions could not be told apart, he forgot expense. Month after month he remained buried in his laboratory, his every faculty concentrated upon one goal. Finally he emerged to announce that here at last was what the world had long awaited, an instrument which would RE-CREATE, not merely imitate. He exhibited

The NEW EDISON "The Phonograph with a Soul"

"No human ear can distinguish between the living voice and its RE-CREATION on this instrument" he told the directors of his company. "And the same applies to a violin, a horn, a clarinet, any musical instrument. Now build replicas. Don't lower the standard I have set in this Official Laboratory Model. I've spent \$3,000,000 to perfect this phonograph. It is ready to offer to the public."

Hundreds of tone tests conducted in public

have proved the truth of the great scientist's claim. The New Edison does RE-CREATE the artist's voice or instrument with such fidelity that the two renditions are indistinguishable. And now you can have it your home at the cost of but \$225, the Official Laboratory Model, encased in a beautiful Chippendale or William and Mary cabinet--the instrument which cost \$3,000,000 to perfect. Call tomorrow and hear your favorite songs RE-CREATED.

THE LOAN CAMPAIGN ENDS TODAY BUT TODAY DOES NOT END UNTIL 12 TONIGHT. HAVE YOU 'T

BOOSTER CLUB SHOWS STARTLING GROWTH FOR A MERE YOUNGSTER

WASHINGTON, May 10—Americans will more than finish the job according to reports today from Victory Loan headquarters throughout the country. By midnight tonight the amount required will have been received. It is expected it will be more than the minimum of \$4,500,000 asked for by the government.

CLEVELAND DISTRICT "OVER THE TOP"

(By United Press)
CLEVELAND, May 10—The Fourth Federal Reserve district went over the top in its Victory Liberty Loan campaign today, it was announced early this afternoon. Total subscriptions were \$452,207,200. The quota was \$450,000,000.

PITTSBURGH SLOW BUT COMING

PITTSBURGH, May 10—Allegheny county including the city of Pittsburgh faced a \$42,000,000 handicap as it entered the last day of the Victory Liberty Loan drive. Three counties in the whole western Pennsylvania district, Beaver, Crawford and Armstrong have raised their quota.

COALPORT FINISHES HER JOB

Late this afternoon a telegram was received from W. W. Hagerty stating that Coalport district had exceeded her quota.

CALDWELL DOES THE JOB AT CURWENSVILLE

M. A. Caldwell, of Curwensville, is deserving of the praises of his community for the efficient manner in which he conducted the Victory Loan campaign at Curwensville and in that district. Curwensville District finished her job yesterday according to reports.

Today is the LAST CHANCE for Clearfielders to show whether or not their town was really back of her boys in the war. This is no time to mince matters and try to put our position in a favorable light. When the sun goes down tonight, Clearfield, which has never taken second place in anything to any town of her size in the state, will go down to defeat in this, the last great test of the war. Unless, and this is the one hope, unless her people, one and all, realizing the emergency, will throw themselves into the breach and turn defeat into victory as did the French at the Marne. This is our Marne. Shall we stem the tide?

What We Are Short

At the close of business last night the grand total as reported by the three local banks was \$628,500. Our quota is \$1,300,000 for the borough alone and \$1,449,000 for the local district including some of the outlying territory. The figures speak for themselves. In the Fourth Liberty Loan this same district subscribed a total of \$1,800,000, or practically three times what we have done in this.

The Remedy

The banks will be open all day today. There is still time after this paper is on the street. Whether or not you have subscribed, whether or not you have been solicited, go now and pledge your limit, double your subscription. If you can't do that take another hundred, or a fifty. Only do something for the honor of your town and for the sake of the government and flag you profess to love. Remember, today, this hour, is the last chance.

About sixty names have been added to the "Boosters Club" since yesterday. Is yours among them? The complete list will be published Monday.

FAREWELL DINNER TO CO-WORKER

The management of the Clearfield Machine shops held a farewell dinner last night at the Dimeling in honor of E. T. Petersen who has been with them as superintendent for the past five years and is leaving them at this time to accept a position with the Clearfield Electric Supply company. Mr. Petersen is an electrical engineer and his new position gives him a larger field along the lines of his previous training. He leaves with the best wishes of the Machine Shops people who took this way of showing their appreciation of his service. He will be succeeded as superintendent by W. E. McMurray who will combine his new duties with those of his former position as head of the Engineering department.

ITALIAN CONTROVERSY ON FIUME STILL A MATTER OF SPECULATION

By FRED S. RUSGUSON

(United Press Staff Correspondent)

PARIS, May 10—With the Austrian peace treaty rapidly assuming completion the belief prevailed today that reconsideration of Italy's territorial claim is imminent. Thomas Nelson Page, American Ambassador to Italy, who arrived here from Rome late yesterday was expected to tell President Wilson that he believes rejection of Italy's demand will precipitate a revolution in that country.

WASHINGTON, May 10—President Wilson has not changed his position on Fiume, according to advices received at the White House today. Stories that the President would try to turn Fiume over to the Italians as a mandatory until 1923 after which it was to become an Italian possession were branded as "pure fiction" and without foundation. Information cabled here declared that the President will stand pat on his position on the Fiume question.

WAR MAYBE—WELL, TWO NAVAL PLANES BUT PEACE IS WORSE ON SECOND LAP OF ALONG THIS BRANCH TRANS-OCEAN TRIP

Walker D. Hines, who is rattling around in Bill McAdoo's shoes as Federal Railroad Administrator, recently reported that the railroads of the country under his jurisdiction had run behind their revenues to the tune of \$196,000,000 during the first three months of 1918.

Mr. Hines has evidently started in to retrench in the hope of making a better showing about the time Beeve is shoved onto a thirsty multitude about July 1st. We became aware of this fact today when we gazed upon the passenger train Supt. J. K. Johnson sent out from Tyrone in which to convey the traveling public between Grampian and the main line.

This train or the cars making it up, were a thing of beauty when first placed upon the main line during the time of the Hayes and Tilden election controversy away back when the '70's were in their infancy. The joy forever has long since departed from them and their appearance denotes the departure thereof. Talk about that old oaken bucket which hung in the well, it was a highly modern piece of backyard furniture compared with these old relics of the long-forgotten age when Bill Scott, of Erie, bossed the destinies of the Pennsylvania and the Democratic party in Pennsylvania.

We were at the Market street stop at 1:15 today when the "emigrant express" came to a creaking, hemlock, splintering stop and with Attorney A. L. Edwards, of Osceola, and Hale Walker, the Woodland Prohibitionist, carefully examined the weather-stained, time-worn old relics of a long forgotten age. Looking closely where some of the eighteen coats had peeled off the wooden sides Edwards discovered the initials of some now grey-bearded youngsters and the date April 1, 1871. Walker's attention was called to the ancient hieroglyphics and he quickly recognized the old boat as the car he rode in one time in the far distant past when he went from Altoona to Johnstown to hear Moody & Sankey, the noted evangelists, who toured the country when "pay was just growing up."

Walker said on that trip the car was crowded and a woman forced to stand in the rear of the car had a 30 cent gingham sunbonnet spoiled by the oil dripping from the leaky coal oil lamp used in an effort at illuminating the car.

We put up with many inconveniences during war times and mean to "carry on" to the finish, but we submit to ask us to go back to those ancient old long-scrapped, hemlock open end, coal oil lighted passenger cars is sort of rubbing it in and is coming pretty darn near the last straw. And to think of such treatment from the Pennsylvania, too, and on this branch, where we have worn out to a finish every worn-out engine shunted from the main line since the year 1868.

Men and women raise Belgian hares. \$5. pays for fine pair, booklet and contract. Wonderful opportunity. Snyder-Gordon Co., Harrisburg, Pa. M10-12-pd

Miss Anna Torrence entertained her Club of girls last evening at her home on Pine street. The evening was spent in dancing. Dainty refreshments were served.

HALIFAX, NOVA SCOTIA, May 10.—The American trans-Atlantic flyers started for Trepassy Bay early this morning at 8:47 a. m. The NC1 was the first to start and a quarter of an hour later the NC3, Commander Towers' craft, swept into the air. The get away was made from a point opposite the United States naval flying station on the eastern passage. Weather conditions were good. The day was clear with a north wind. It was expected that if this weather prevails the whole of the 480 miles to Trepassy Bay the journey will be completed in 7 or 8 hours. Commander Towers gave the word to start immediately after he heard the weather forecast. Lieut. Commander Bellinger, of the NC1 was ordered to leave first. A great crowd witnessed the start. The NC3's motor roared and in a few minutes she was off in the wake of her sister ship.

WASHINGTON, May 10.—The NC3 has returned to Halifax because of a defective propeller, the Navy Department was advised at 10:30 this morning. It is expected to get under way again by noon. The flyer was out two hours.

WASHINGTON, May 10.—Commander Towers of the NC 3 having been forced to return to Halifax with propeller trouble this morning, made a second start for Trepassy Bay at 11:13 a. m. New York time, the Navy Department was advised by radio immediately after noon.

By W. B. HARGRAVES:
Aboard the U. S. S. Nelville, Ponta Delgada, Azores, May 10.—News that two of the three American sea planes which will attempt to fly across the Atlantic have successfully completed the first lap of the journey was received with great enthusiasm. Preparations for receiving the planes when they stop here on their aerial trip to Portugal have been completed.

STREET CAR STRIKE TONIGHT AT PITTSBURGH

PITTSBURGH, May 10.—All hopes to avert the street car strike called for midnight tonight went glimmering today when C. A. Fagan, one of the receivers of the Pittsburgh Street Railways Company, announced that the receivers will not ask the United States Court for permission to arbitrate the grievances of the men before the War Labor Board. Union leaders declared that they will not recede in their demands that their request for wage increases be presented to the War Labor Board.

"BACK FROM FLANDERS"

The author of the delightful and sentimental little poem bearing the title which heads this article denied us the right to publish his name with his production which was designed as a boost for the Victory Loan. We are asked today by many admirers to make public the name of the author. It is none other than our own "Jimmie" Barratt who lives on McBride street. Jimmie didn't want his name to appear at the bottom of the piece but there is more than one way of killing a cat.

I saw it in The Progress.

PARADE PLANS DESPITE THE WEATHER

ONLY IN CASE OF EXTREMELY BAD WEATHER CONDITIONS WILL THE PARADE BE CALLED OFF

BOND BUYERS EAGER FOR PARADE

Will the weather stop the parade? However, should it be necessary, the Committee will tell the bond buyers at eight o'clock and if necessary, unless you hear Moolay the parade will go on.

At least 2000 people in this district are eligible to participate in the Victory Note Buyers' parade to be held at nine o'clock this evening. That number have already subscribed in this campaign. Several hundred of these subscribers live out of town and while the weather is unfavorable to their coming there will be a general outpouring of people from the city and Lawrence township.

This morning the girls at the Mill telephoned to Sec'y. Howard Stewart saying they would be there with bells on and challenging the industries employing males to make a good showing as they.

The Repair Department of the New York Central have announced that they will parade in uniform, that is to say the uniform of their daily work, the overall and jumper. That's the spirit. "Job finishers" don't wear full dress. The Maintenance of Way men are making an effort to procure a drum corps to lead their unit and here is hoping they succeed. The Secretary believes that every unit outlined below is going to make a creditable showing.

The parade committee appreciates the fact that there are a great many people who were unable to buy bonds of this issue because of illness, unemployment and kindred causes and desires to be put on record as appreciative of the efforts of these people to make payments on the bonds of the 4th issue. Every fair minded person recognizes the fact that one who is sacrificing to complete payments on the 4th Loan is doing their full share towards "finishing the job". Naturally, a man or woman in these circumstances has just as much, if not a greater right to parade with the "job finishers" as a subscriber to the 4th loan. All these people are welcome to join the parade and are hereby invited and urged to get in line. Bond buyers of the Victory Loan know who these people are and a cordial invitation should be extended by the Victory bond buyer to the finisher of the 4th issue to come into line.

The parade formation will be the same as printed in last night's paper with the addition of one unit after "The Rest of the Town".

WILSON TO CABLE FIRST MESSAGE WILL TALK ON PEACE TREATY HERE

(By United Press)

WASHINGTON, May 10—President Wilson will deliver his first peace treaty message to Congress immediately after his return to home it was learned at the White House today. The message will be cabled for the opening of the extra session. It was said, with a high probability, that the message will be devoted more to domestic questions.

HEAD OF GERMAN DELEGATION WILL RETURN TO BERLIN IN NEXT FEW DAYS

(By United Press)

VERSAILLES, May 10—Foreign Minister Bauer, head of the German peace delegation, is expected to return to Berlin today as the translation of the treaty has been completed. The German commission, divided into shifts, is working 24 hours a day in preparing the translation.

Entered at Post Office at Clearfield, Pa., as second class matter.

WE DID AND WE DIDN'T

Good evening. That old front page looks good again, doesn't it? Any man who has bought all the Victory notes he can buy can look upon that front page and feel that he helped to restore it to its favored position. Those who have not bought all the Victory notes they can will oblige us by reading the inside pages first and then turning to the front page. We did not put the pages in their regular order today because Clearfield has gone over the top but rather because a combination of gloomy circumstances; weather, loan apathy and other aspects, made it desirable that just a ray of sunshine be thrown on our city this evening when the "job finishers" march proudly down Second street celebrating victory and their payment of their share of the bill. Just what Clearfield's record on this Victory Loan campaign will be will not be known until early next week as subscriptions are still coming in and several big subscriptions are known to be on the way. There is no doubt in our minds but that the people of the Clearfield district are going to fall down on their job. It is apparent that the banks are going to have to take a big slice of the quota in order to save our faces in the eyes of our neighbors. There is yet time for every man to ease his own conscience. The banks have not so announced, but it is believed that they will receive subscriptions on Monday morning. Opportunities to subscribe will be offered tonight. Do your duty to your country.

WISING UP TO SPROUL

There has been a revival of the talk of Governor Sproul's availability as a Republican candidate for President and the various items on the subject which have been appearing from time to time in up-State newspapers, are being much commented upon by the larger city journals. Appearance of some reference to Sproul in Chicago and New York newspapers has also served to start the discussion anew. The Philadelphia Press says that Republican State leaders are more than ever convinced of the Governor's qualifications and that while the Governor has never said anything, he is "in the hands of his friends." The Governor made a remark once that he did not intend to allow any bees to distract him from his gubernatorial job. The Pittsburgh Gazette-Times says that the Governor and Senator P. C. Knox have both been mentioned. Most of the newspapers expect the Republican leaders of the State to declare soon for uninstructed delegation from Pennsylvania, so as to be able to take advantage of any situation favorable to a Keystone State man which may arise.—(Harrisburg Telegraph)

COOPER TOWNSHIP SUBSCRIBES FOR HALF OVER QUOTA

Old Cooper, the metropolis of lower Clearfield county, had no fear of their ability to go over the top on the Victory Loan. This spirit, manifested from the beginning, had a great deal to do with the success which has crowned their efforts. "We'll do it," was the message from Cooper—and they did it, handsomely too and where as their quota is \$72,000 they proudly boast \$100,000 in subscriptions this morning with more to come. Kylertown, the substantial little town in Cooper, has doubled her quota and did it with ease plus patriotism. Cooper's neighbor, Graham Township, is just as earnest and although small will cut a big figure when the

subscriptions are counted.

ALIEN SOLDIERS TO BE NATURALIZED

A special session of naturalization court will be held on Monday for the purpose of examining and admitting to citizenship all alien soldiers who were in the U. S. service during the world war.

A special U. S. examiner will be here and all applicants must present themselves with their discharge and two witnesses.

ENTERTAIN FOR GUESTS

Dr. and Mrs. Piper will entertain this evening at bridge at their home on Second street in honor of their house guests, Mr. and Mrs. Raymond Willy of Pittsburgh. Six tables of bridge will be in play.

Mrs. E. L. Jones of Philipsburg is visiting friends here.

An Appeal To U

The Victory Liberty Loan has far to go if it is to go "Over the Top."

HAVE YOU DONE YOUR FULL SHARE?

Can you say to the Million still Over There, "I am back of you to the end?"

SAY IT WITH BONDS

We must all buy all the Victory Notes we can pay for if Clearfield is to make up her quota.

KEMP'S BALSAM for Coughs and Sore Throat GUARANTEED

NEAR-VIOLATION OF GAME LAW IN EAST END YESTERDAY

Regardless of the fact that the season had long since been closed by legislative provision, William Dabner, an East End gemmer of a pronounced brunette tendency, went gunning for another "coon" yesterday afternoon. The trail carried him to the vicinity of Overly's store on Daisy street where he ran plump into his quarry who answers to the name of Lee Barton. Bro. Dabner immediately got his artillery into action and quickly dispatched five shots from his "six gun" in the general direction of his ebony-hued enemy.

Dabner appeared to be either nervous or a darn poor marksman because every bullet went wide of the mark and as Barton was coming right for the shooter with a full head of steam on, Dabner deciding that discretion was the better point of valor under the circumstances, turned turtle and fled.

The local and State Police were at once notified and quickly repaired to the scene. Dabner was tracked down the Penny tracks toward the County Home and when Chief Eadie, who had been taken out the road in Ike Robinson's car, got out to make a search at the Sewer Pipe Works, Dabner saw him coming and hiding in the barn at the old Weaver farm, let the officer go by. He then walked hurriedly up the lane toward the car where Ike was awaiting the return of the cop. When the coon approached Ike notified him that he was under arrest. Dabner was foxy and asked "whuffaw he wanted to arrest a man coming from work?"

Shortly after the coon had talked Ike into allowing him to pass Chief Eadie returned and when Ike related the circumstances the chief recognized the culprit and when it was learned the coon had gone up through Squaw Hollow the officers scattered and after beating the woods up through the hollow Dabner was captured by Messrs. O'Donnell and Oakes, of the State Constabulary, up near Owens graveyard.

He was brought to town and is now in jail charged with shooting with intent to kill. The trouble grew out of a rent bill Dabner says Barton owes him.

LUTHERAN CHURCH

Sunday May 11th, will be observed by a special sermon appropriate to Mothers' Day, at 10:30 A. M. At 7:30 P. M. the pastor will preach the third of the series of sermons on "One Thing," the text being "One Thing I Know." A cordial welcome to all who will come.

WHEN DODGE MEETS DODGE ALL DODGES DODGE THE DODGES

The substantial steel flag pole in the center of "the diamond" was responsible for averting what might have proven to be a serious accident about 7 o'clock last evening. At this time Scott McKelvey, driving down Second street, and Howard Stewart coming across Market from Front street attempted to negotiate the turning at Market street at the same time. The cars were both Dodge and Dodge. The Dodge driven by Stewart was a 1918 model and the Dodge driven by McKelvey was a 1919 model. Both cars were in good condition and the drivers were sober. The Stewart car was struck on the side by the McKelvey car and the flag pole. The Stewart car was thrown into the air and landed on the flag pole. The McKelvey car was thrown into the air and landed on the flag pole. The Stewart car was thrown into the air and landed on the flag pole. The McKelvey car was thrown into the air and landed on the flag pole.

A crowd quickly gathered but after some time and waiting and waiting both machines were each able to limp away under their own power, but that it not been for the pole, the Stewart car would have undoubtedly been upset and smashed with more or less serious consequences to the occupants.

SHOWER FOR COMING BRIDE

The home of Mr. and Mrs. R. D. Daugherty on South Fourth street, was the scene of a happy gathering Tuesday evening. The occasion was a miscellaneous shower for Miss Helen Kling, who is to be married to Mr. John Kling, of the Clearfield, Pa. The house was crowded with the friends of the young couple and the table to be was the recipient of many handsome, costly and useful presents.

The home was handsomely decorated with the evening shyously spent in dancing and games, after which dairy refreshments were enjoyed.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

By REV. P. B. FITZWATER, D. D.,
Teacher of English Bible in the Moody
Bible Institute of Chicago.
(Copyright, 1919, by Western Newspaper Union.)

LESSON FOR MAY 11.

SIN AND ITS CONSEQUENCES.

LESSON TEXT—Genesis 3:1-24.
GOLDEN TEXT—The wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord—Rom. 6:23.
DEVOTIONAL READING—Psalms 51:1-12.
ADDITIONAL MATERIAL—Rom. 1:18-23; James 1:15.
PRIMARY TOPIC—Disobeying Our Heavenly Father.
JUNIOR TOPIC—How Disobedience Separates Us From God.
INTERMEDIATE TOPIC—Destructive Power of Sin.
SENIOR AND ADULT TOPIC—The Nature and Results of Sin.

An outlook upon the world proves that man is not what he should be. Then, too, apart from gospel influence there is no sign of improvement. The only way of accounting for the discrepancy between what man is and what he should be is by the Fall. This is the way that the Bible accounts for it. The introduction of sin is the answer.

I. The Temptation (Gen 3:1-6).
Man possessed a free will, in the exercise of which he turned away from God and his commandment. This was done at the instance of the devil working through the serpent. He did not appear as he really was, but in disguise. The method employed was (1) finding the woman while alone; (2) insinuating doubt into her mind as to God's word and love. At his suggestion she began to believe that God did not mean what he said, and that he was unkind in placing restrictions upon them. In this the devil slandered God, even accusing the Almighty of jealousy and fraud. (3) Appeal to innocent appetite. (4) She gazed upon the fruit which God had forbidden. Looking soon heget lust. (5) She lusted after that which God had forbidden. That which God had forbidden should not be looked at lest the flesh should lust for it.

II. The Fall (3:6-8).
From justifying to indulgence was a short step. This act of disobedience has brought on all the world's woe and misery. Eve not only disobeyed, but involved Adam in her sin. Aspiring to be gods, they became the slaves of sin. They came to know good and evil, but by sad experience. They knew sin without the power to free themselves from it.

III. The Consequences of the Fall (3:9-24).
1. The disturbed relationship with God (vv. 9, 10). The familiar intercourse which man enjoyed with the Almighty was marred and broken by sin. Sin makes life intolerable in the divine presence. Adam and Eve not only hid from God's presence, but Adam began to make excuses and even laid the blame on God.

2. The serpent was degraded and henceforth became a type of sin and Satan (v. 14; cf. Num. 21:9; John 3:14; Rev. 12:9). This doom was pronounced without trial. In the case of man it was not so.

3. The unyielding enmity between the two seeds (v. 15; cf. John 8:44-47; Matt. 23:33). The antagonism thus began reached its climax in the crucifixion of Christ. Satan's seed has been ever since endeavoring to destroy the Lord's work and his workers.

4. The ultimate victory of the woman's seed (v. 15). Satan harassed the woman's seed; bruised his heel, but finally the stroke was made which crushed the serpent's head (John 12:31; Heb. 2:14; 1 John 3:8). This was the first gleam of the glorious light of the gospel of Christ. The victory was marvellous, but the cost was infinite (Isa. 53; 2 Cor. 5:21).

5. Judgment upon the woman (v. 16). This relates to her as a wife and mother; also to her subordination to man. This is God's decree, and all efforts of freeing one's self from it are fightings against God.

6. Man's new relationship to the earth (vv. 17-19). The earth was cursed on his account. Because of the rank growth of thorns and thistles man must make an increased effort to exist. Man with his sinful nature would be in a bad state without the necessity of toil (Rom. 8:19-22).

7. Death (v. 19). This includes physical and spiritual death—both the result of sin.

8. Expulsion from the garden (v. 24). This was an act of great mercy. To have partaken of the tree of life and live forever in a sinful state would have been intolerable.

Exercise Is Necessary.
If a man does not exercise his arm he develops no biceps muscle; and if a man does not exercise his soul he acquires no muscle in his soul, no strength of character, no vigor of moral fiber, no beauty of spiritual growth.—Henry Drummond.

Sermon Crowded Out.
Go to that little church of yours and quit your hankering for the fine music and singing and pomp and splendor of the large churches in the city. By the time they get through with their preludes and interludes and de-ludes there won't be much time for a sermon.

Joy Is to Obey the Laws.
The stars of heaven are free because, in amplitude of liberty, their joy is to obey the laws.—William Watson.

MOTHERS' DAY AT TRINITY METHODIST CHURCH

Trinity Methodist's have kept in mind Mothers' Day in their plans for Sunday. The fine picture on the bulletin board "Mother O' Mine" attracts the attention of passersby and reminds them that Mothers' Day is here again. There will be some special features in the Sunday school and the morning sermon will be on the subject "Mother, the Best Mother Who Ever Lived". The mothers of the church and all who honor them, those who fondly remember the dear mother who is now in the "house not made with hands"—all should make a special effort to be at church on Sunday.

In the evening the pastor will preach on the theme—"Robbers Bro't Into Court". Now there are robbers, and robbers, and you will know who they are if you hear the sermon in Trinity church Sunday night.

BELIEVES IN FINISHING THE JOB

A. K. Wright is a believer in finishing what you commence and yesterday subscribed \$12,000 to the Victory Liberty Loan fund. His subscription represents his Grampian Coal Company, The Peerless Coal Company and himself individually.

SAYS THIS CURED HIS LUNG TROUBLE

Mr. Morgan passes insurance examinations now, and feels perfectly well.

"In 1908, my lungs became so badly affected I had to give up my work. I coughed all the time and had blood in my phlegm. My lungs and shoulders ached so I could hardly live. Two physicians told me I had consumption, said they could do me no good, and advised me to change climate. Finally a friend gave me a bottle of Mils Emulsion. It did me so much good that I continued taking it, and in 4 months it cured me as good as a dollar."

"My lungs are now as strong as ever. I weigh 145 pounds, which is more than any such case is curable. But Mils Emulsion costs nothing to try in any case, and it has restored hundreds of helpless victims to health."

Mils Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural blood action, clearing away all sort of pills and poisons. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. It is a builder of flesh and strength. Mils Emulsion is strongly recommended to run-down nervous people, and it has produced amazing results in many cases of asthma, chronic bronchitis and tuberculosis of the lungs. Chronic stomach trouble and constipation are promptly relieved generally in one day.

This is the only soft emulsion made, and so valuable that it is often with a spoon like ice cream. A truly delicious medicine for weak, sick or nervous people. No matter how severe your case, you are urged to try Mils Emulsion under this guarantee. Take six bottles at home with you, use it as directed, and if you are not satisfied with the results, your money will be returned.

JOIN OUR ALUMINUM WARE CLUB

ALUMINUM CLUB
MEMBERSHIP

GET A SET OF ALUMINUM

Join The Aluminum Club

It's an exclusive club. There can be only 150 members. If you're going to join do it the first day—you'll be sorry if you don't.

The Benefits Of Joining

By joining the Aluminum Club you are entitled to this wonderful set of 14 pieces of "Quality" Aluminum at a price that will never again be matched in this community. You can see the articles pictured. You'll want—and need—every one of them. And you get them at the strikingly low price of

\$14.98

HOW TO JOIN

Come to the store during next week and sign your application and pay the initiation of one dollar. Then you will have weekly dues of one dollar for thirteen weeks and the fourteenth week you pay ninety-eight cents and your membership is paid in full.

Factory Representative Here

G. W. Thompson, a factory representative, will be at the store for a week beginning Tuesday, May 13th, to explain the merits of "Quality" aluminum ware and to inaugurate the Aluminum Club.

Club Is Open For One Week Only

The membership campaign for the Aluminum Club will last one week only May 13th to May 17th, and the membership will be limited to 150 members.

Economy

"Quality" Brand Utensils are lasting. They are far cheaper in the long run than other utensils. Their enduring service makes unnecessary the constant buying of new utensils. They save you time, fuel and money.

"Quality" Brand Utensils will not rust or corrode; they will not scale, peel or chip off.

Service

"Quality" Brand Utensils are guaranteed for 29 years. Women are proud to have them in their kitchens. These utensils are in keeping with the finest home furnishings and make better cooking possible.

They will withstand hardest usage and last a lifetime.

Sanitation

They are the safest cooking utensils for your home and your family.

"Quality" Brand Utensils are made of one piece, thick, hard rolled sheet Aluminum. They are seamless, no solder used, no crevices or folds for particles of stale food to lodge. They are clean and sanitary.

Compare
Goodrich 375's
with other
Ford Car Tires

If you have noticed these husky, de luxe tires for the Ford car, go at once to a Goodrich dealer and say to him, "Give me a Goodrich Three-Seventy-Five."

Compare it with an ordinary Ford-size tire, and you will find it bigger and burlier in every way.

As a matter of figures and measurements, it is an inch bigger on the circumference, and much thicker in the cross section—that is, a 31 x 3 1/2 inch tire.

That extra size means a finer looking, easier riding Ford car to begin, and a longer lived car and tires in the end.

Though "Three-Seventy-Fives" cost a little more at the outset, built to meet the special needs of the Ford car and bring out its known virtues, they soon reveal a greater dollar economy, which makes it the better buy in the long run.

For \$25 to \$65 You Can Have A Helper In The Kitchen That You Can Keep

A NAPANEE Dutch Kitchenet is a servant in the kitchen that you can always keep. This means something in these days when so many more women do all their own work. At one time easily obtained, is now difficult to get. Thousands of women have been so helped with the eternal "servant problem" that they welcome the relief from it which has been offered them by

The Napanee Dutch Kitchenet

This triumph of ingenuity has so systematized women's work—so eliminated the drudgery as to make them independent of maids and cooks. Many women declare that they enjoy doing their kitchen work now that it is simplified and made so much easier by the Dutch Kitchenet.

Do Not Deny Yourself This Labor Saver

It is really a beautiful piece of furniture and itself the benefits to be derived from having a Napanee Dutch Kitchenet in your home every day in the year. It is really a beautiful piece of furniture, and is more useful and convenient than it is attractive. You need not wear yourself out drudging in an improperly equipped kitchen. We will be glad to show you the many special features of the Napanee Dutch Kitchenet, and, if you so desire, arrange terms by which you can put one in your home immediately and begin to enjoy it.

Napanee Dutch Kitchenet Special Features

Selected Oak Interior	Large Kneading Board	Smooth Dust-proof Curtains
Satin Golden Oak Color.	Block for Foot Chopper.	Close-fitting Doors and Drawers.

"Where Mother Used To Shop"

Invest with Uncle Sam and share in the coming Prosperity

The war has left its imprint upon the entire country, but probably its hand has been laid most heavily upon business, large and small. Restrictions and regulations, governmental orders and federal rulings have operated to restrict progress and impede development. This was unavoidable. The country called and could not be denied.

That's the purpose of the Victory Liberty Loan. Your support of this loan is therefore not only an investment in patriotism, but in prosperity itself, for an overwhelming subscription will bring good times just that much nearer.

Gossip for Tonight's Tea Table

About twenty friends surprised Miss Lydia Johnson last evening at her home on Second street. All present spent an enjoyable evening.

Miss Helen Phillips entertained the F. F. Club at her home on 4th street last evening.

Wm. Henry of Pleasantgrove is visiting his daughter, Mrs. G. J. Ennis, at her home on Fifth street.

Miss Nellie Daile has returned to Pittsburgh after having spent several weeks with her sister Mrs. Charles Weil.

Julian Chase son of Mr. and Mrs. W. A. Chase of Locust street, who saw strenuous service in France for almost two years with the Eleventh Engineers arrived home this morning, having been finally mustered out of the service.

Captain and Mrs. T. E. Clark, who sent the winter at St. Petersburg, Florida, and the past four or five weeks at Pottstown, arrived home on the Pennsylvania train this morning. Their fellow southern tourist Alfred Graham met them at the train with his car and helped them escape Pennsylvania showers by driving them to their front street home.

Sgt. and Mrs. Clair Dufford left Thursday for Butler after attending the funeral of Mrs. Dufford's sister, Clair Mapes Ogden. Sgt. Dufford has just returned from nine months' service in France.

Mrs. Chas. Sheffer and family of DuBois attended the funeral of their cousin, Mrs. Garlan Ogden.

Miss Kathryn Sheffer and Mrs. Frank Sasserman and two children have returned to their home in Bellefonte after attending the funeral of their niece, Mrs. G. Z. Ogden.

Mr. G. Z. Ogden left yesterday for his home in International Falls, Minn.

Mr. and Mrs. Ashley Shaw and son arrived home yesterday from St. Petersburg, Florida, where they spent the winter. They are enthusiastic boosters for the "Sunshine City" and say it is second only to Pennsylvania.

Hayes Song of DuBois spent Thursday to spend sometime in Philadelphia.

Mrs. David Krebs, Sr., left Thursday to spend sometime in Philadelphia.

Francis L. Etzweiler is home from Camp Meade, Md., to spend a five day furlough with his mother and sister. W. P. Sheeder transacted business in DuBois Thursday.

Hon. Joseph E. Phillips motored from Harrisburg Thursday to attend the banquet at the Dinseling Hotel that evening.

Born to Mr. and Mrs. Harry Shaw at their home on Nichol street Thursday, a baby boy.

Louis Shapiro, Wallace Smith, S. T. McClure, G. R. Ross and Charles T. Kurtz were in Woodland Thursday evening in the interest of the Victory Liberty Loan.

Mrs. Jane Dunwiddie and daughter, Mrs. L. C. Runk and Mrs. Jackson of Phillipsburg spent Thursday shopping in our stores.

Mr. and Mrs. T. Reilly Lytle have returned from their wedding trip to Atlantic City and Philadelphia.

Rev. Platt and wife and daughter of Kane, are visiting their daughter and sister, Mrs. John Arnold.

For Less than 3 Hundred Dollars
You Can Buy What Cost 3 Million

THREE million dollars was what it cost to perfect the New Edison. And if three times three million had been required it would have been spent. For when Thomas A. Edison assailed the problem of achieving an instrument which would actually RE-CREATE an artist's voice or instrument with such fidelity that by the test of direct comparison the two renditions could not be told apart, he forgot expense. Month after month he remained buried in his laboratory, his every faculty concentrated upon one goal. Finally he emerged to announce that here at last was what the world had long awaited, an instrument which would RE-CREATE, not merely imitate. He exhibited

The NEW EDISON "The Phonograph with a Soul"

"No human ear can distinguish between the living voice and its RE-CREATION on this instrument" he told the directors of his company. "And the same applies to a violin, a horn, a piano, any musical instrument. Now build replicas. Don't lower the standard I have set in this Official Laboratory Model. I've spent \$3,000,000 to perfect this phonograph. It is ready to offer to the public."

Hundreds of tone tests conducted in public

have proved the truth of the great scientist's claim. The New Edison does RE-CREATE the artist's voice or instrument with such fidelity that the two renditions are indistinguishable. And now you can have in your home at the cost of but \$225, the Official Laboratory Model, encased in a beautiful Chippendale or William and Mary cabinet--the instrument which cost \$3,000,000 to perfect. Call tomorrow and hear your favorite songs RE-CREATED.
